FISCAL ANALYSIS

ASSUMPTION

Officials from the **Missouri Ethics Commission (MEC)** assume implementing campaign finance limits would require the following of the MEC:

- Provide information to those committee officers and the public as specified in the Commission duties in Section 105.491, 105.955.14 (4), RSMo. about these limits; examples include providing education, developing informational materials, telephone and email assistance.
- Provide oversight in campaign finance committee adherence to the specific contribution limits, including reviewing, auditing, and performing cross checks of the reported contributions, as established in Section 105.955.14 (2), (3), RSMo.
- Respond to written complaints, as established in Section 105.955.14, RSMo., through conducting investigations and the related legal actions. If the Commission identifies significant violations during the process established in Section 105.955.14 (2), (3), RSMo or complaints received increase significantly an Investigator would be required to provide the proper oversight.

MEC assumes the legislation would not fiscally impact their agency.

Officials from the **Office of the Secretary of State (SOS)** assume many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the Secretary of State's Office for Administrative Rules is less than \$2,500. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, we also recognize that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what our office can sustain with our core budget. Therefore, we reserve the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

Oversight assumes the SOS could absorb the costs of printing and distributing regulations related to this proposal. If multiple bills pass which require the printing and distribution of regulations at substantial costs, the SOS could request funding through the appropriation process.

<u>FISCAL IMPACT - State Government</u>	FY 2019 (10 Mo.)	FY 2020	FY 2021

<u>FISCAL IMPACT - Local Government</u>	FY 2019 (10 Mo.)	FY 2020	FY 2021
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

The proposed legislation appears to have no direct fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
