FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Revenue-Taxation** assume the proposal will have a minimal to negative fiscal impact.

Oversight assumes, due to the limited number of entities that would meet the criteria specified in the bill, DOR is provided with core funding to handle a certain amount of activity each year. Oversight assumes DOR could absorb the costs related to this proposal. If multiple bills pass which require additional staffing and duties at substantial costs, DOR could request funding through the appropriation process.

Officials from the **Office of the Secretary of State (SOS)** assume many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the Secretary of State's Office for Administrative Rules is less than \$2,500. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, we also recognize that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what our office can sustain with our core budget. Therefore, we reserve the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

Oversight assumes the SOS could absorb the costs of printing and distributing regulations related to this proposal. If multiple bills pass which require the printing and distribution of regulations at substantial costs, the SOS could request funding through the appropriation process.

Officials from the **Joint Committee on Administrative Rules** assume this proposal is not anticipated to cause a fiscal impact beyond the current appropriation.

Officials from the **Jackson County Election Board, Platte County Board of Elections, Boone County** and **City of Kansas City** each assume the proposal will have no fiscal impact on their respective organizations.

In response to a previous version, officials from the **St. Louis County Board of Election Commissioners** assumed the proposal will have no fiscal impact on their organization.
