FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Public Safety (Missouri Highway Patrol and Fire Safety)** each assume no fiscal impact from this proposal.

Officials from the **Attorney General's Office (AGO)** assume that any potential costs arising from this proposal could be absorbed with existing resources. The AGO stated they may seek additional appropriations if there is a significant increase in litigation.

Officials from the **Springfield Police Department** and the **Boone County Sheriff's Department** each assume no fiscal impact from the proposal.

Officials from the **Greene County Sheriff's Department** state the proposal could possibly cost tens of thousands of dollars if we can not receive information from counselors that would prevent further problems related to their work by information not being passed to the employers.

Oversight assumes the proposal would not have a direct fiscal impact to the state or local law enforcement agencies.

Officials from the Ashland Police Department, the Branson Police Department, the Buchanan County Sheriff's Department, the Cape Girardeau County Sheriff's Department, the Columbia Police Department, the Jasper County Sheriff's Department, and the St. Louis Metropolitan Police Department did not respond to **Oversight's** request for fiscal impact.
