Officials from the **Department of Insurance, Financial Institutions and Professional
Registration**, the **Department of Health and Senior Services**, the **Department of Mental
Health** and the **Department of Social Services** each assume the proposal would not fiscally
impact their respective agencies.

No direct fiscal impact to small businesses would be expected as a result of this proposal. Also,
this legislation is not federally mandated, would not duplicate any other program and would not
require additional capital improvements or rental space.
