FISCAL ANALYSIS

ASSUMPTION

Officials at the **Mississippi County Recorder of Deeds Office** assume this proposal could have an impact on this office if this bill isn't passed. That impact could be as much as \$45,000 to \$49,000 for the county general revenue. Should the "Statutory County Recorder's Fund" run dry then the impact would cost this county the amounts that were previous talked about. The Mississippi County Recorder's Office annual budget is in the neighborhood of \$70,000, so this would have a huge impact in the event that this fund should run dry. Back in 2002 several counties elected to split the offices of Circuit Clerk and Recorder of Deeds with the promise that the State would help subsidize those offices. This bill will not allow the counties to get their full subsidy, but will allow the counties to be able to continue receiving some support from the state.

Oversight inquired the Mississippi County Recorder of Deeds Office. If this proposal is enacted, there will be a decrease in the amount of subsidies received from the state for the County. The decrease would be a small impact to the County between \$5,000 and \$7,000 per year. Oversight assumes that multiple counties could be affected from this legislation. Oversight also assumes the reduction in losses to counties will be less than under current law. Therefore, Oversight will reflect an unknown reduction in loss to County Recorder of Deeds Offices.

Officials at the **Department of Revenue** assume no fiscal impact from this proposal.

Officials at **St. Louis County** and the **St. Charles County Recorder's Office** each assume no fiscal impact to their respective entities from this proposal.
