

JOURNAL OF THE HOUSE

Second Regular Session, 99th GENERAL ASSEMBLY

TWENTY-FOURTH DAY, WEDNESDAY, FEBRUARY 14, 2018

The House met pursuant to adjournment.

Speaker Pro Tem Haahr in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

Behold, God is my salvation; I will trust and not be afraid. (II Isaiah 12:2)

O Gracious God, on this Ash Wednesday we know You are the hope of the world and the help of all who put their trust in You; be our hope and our help as we come to You in this our morning prayer. Lead us to the rock that is higher than we, and there may we find strength for each day, courage for each hour, confidence for each minute, and faith for each second. Then may we defeat the adversaries that would conquer our spirits, by being strong in You.

Our prayer leaps across the boundaries of division to include the world in which we live. In spite of differences, bind us together in a common obedience to the moral law and make our faith real enough and strong enough to unite us in a fellowship of like minds. While it is yet early, may we choose light and not darkness, love and not hate, truth and not falsehood, peace and not conflict. St. Valentine, bless all couples!

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Eleanor Cassidy and Hayley Michael.

Speaker Richardson assumed the Chair.

The Journal of the twenty-third day was approved as printed by the following vote:

The members of the governing board shall serve without compensation for a term of three years, or until their successors have been appointed, or until the transitional district is dissolved or terminated. Any tax approved for the transitional district shall be assigned to the governing body of the school district in a city not within a county after dissolution or termination of the transitional district.

(5) The special administrative board established in this section shall develop, implement and annually update a professional development plan for teachers and other support staff, subject to review and approval of the state board of education.

The state board of education may cause the termination of the transitional school district at any time upon a determination that the transitional district has accomplished the purposes for which it was established and is no longer needed. **If the transitional school district is classified as fully accredited, the state board of education shall terminate it and return governance to the elected board of the school district containing the territory of the dissolved transitional school district within thirty days. House Amendment No. 2

AMEND House Committee Substitute for House Bill No. 1455, Page 1, Section 167.902, Line 1, by inserting before all of said line the following:

"160.545. 1. There is hereby established within the department of elementary and secondary education the "A+ Schools Program" to be administered by the commissioner of education. The program shall consist of grant awards made to public secondary schools that demonstrate a commitment to ensure that:

- (1) All students be graduated from school;
- (2) All students complete a selection of high school studies that is challenging and for which there are identified learning expectations; and
- (3) All students proceed from high school graduation to a college or postsecondary vocational or technical school or high-wage job with work place skill development opportunities.

2. The state board of education shall promulgate rules and regulations for the approval of grants made under the program to schools that:

- (1) Establish measurable districtwide performance standards for the goals of the program outlined in subsection 1 of this section; and
- (2) Specify the knowledge, skills and competencies, in measurable terms, that students must demonstrate to successfully complete any individual course offered by the school, and any course of studies which will qualify a student for graduation from the school; and
- (3) Do not offer a general track of courses that, upon completion, can lead to a high school diploma; and
- (4) Require rigorous coursework with standards of competency in basic academic subjects for students pursuing vocational and technical education as prescribed by rule and regulation of the state board of education; and
- (5) Have a partnership plan developed in cooperation and with the advice of local business persons, labor leaders, parents, and representatives of college and postsecondary vocational and technical school representatives, with the plan then approved by the local board of education. The plan shall specify a mechanism to receive information on an annual basis from those who developed the plan in addition to senior citizens, community leaders, and teachers to update the plan in order to best meet the goals of the program as provided in subsection 1 of this section. Further, the plan shall detail the procedures used in the school to identify students that may drop out of school and the intervention services to be used to meet the needs of such students. The plan shall outline counseling and mentoring services provided to students who will enter the work force upon graduation from high school, address apprenticeship and intern programs, and shall contain procedures for the recruitment of volunteers from the community of the school to serve in schools receiving program grants.

3. Any nonpublic school in this state may apply to the state board of education for certification that it meets the requirements of this section subject to the same criteria as public high schools. Every nonpublic school that applies and has met the requirements of this section shall have its students eligible for reimbursement of postsecondary education under subsection 8 of this section on an equal basis to students who graduate from public schools that meet the requirements of this section. Any nonpublic school that applies shall not be eligible for any grants under this section. Students of certified nonpublic schools shall be eligible for reimbursement of postsecondary education under subsection 8 of this section so long as they meet the other requirements of such subsection. For purposes of subdivision (5) of subsection 2 of this section, the nonpublic school shall be included in the partnership plan developed by the public school district in which the nonpublic school is located. For purposes of subdivision (1) of subsection 2 of this section, the nonpublic school shall establish measurable performance standards for the goals of the program for every school and grade level over which the nonpublic school maintains control.

4. A school district may participate in the program irrespective of its accreditation classification by the state board of education, provided it meets all other requirements.

5. By rule and regulation, the state board of education may determine a local school district variable fund match requirement in order for a school or schools in the district to receive a grant under the program. However, no school in any district shall receive a grant under the program unless the district designates a salaried employee to serve as the program coordinator, with the district assuming a minimum of one-half the cost of the salary and other benefits provided to the coordinator. Further, no school in any district shall receive a grant under the program unless the district makes available facilities and services for adult literacy training as specified by rule of the state board of education.

6. For any school that meets the requirements for the approval of the grants authorized by this section and specified in subsection 2 of this section for three successive school years, by August first following the third such school year, the commissioner of education shall present a plan to the superintendent of the school district in which such school is located for the waiver of rules and regulations to promote flexibility in the operations of the school and

to enhance and encourage efficiency in the delivery of instructional services in the school. The provisions of other law to the contrary notwithstanding, the plan presented to the superintendent shall provide a summary waiver, with no conditions, for the pupil testing requirements pursuant to section 160.257 in the school. Further, the provisions of other law to the contrary notwithstanding, the plan shall detail a means for the waiver of requirements otherwise imposed on the school related to the authority of the state board of education to classify school districts pursuant to subdivision (9) of section 161.092 and such other rules and regulations as determined by the commissioner of education, except such waivers shall be confined to the school and not other schools in the school district unless such other schools meet the requirements of this subsection. However, any waiver provided to any school as outlined in this subsection shall be void on June thirtieth of any school year in which the school fails to meet the requirements for the approval of the grants authorized by this section as specified in subsection 2 of this section.

7. For any school year, grants authorized by subsections 1, 2, and 5 of this section shall be funded with the amount appropriated for this program, less those funds necessary to reimburse eligible students pursuant to subsection 8 of this section.

8. The department of higher education shall, by rule, establish a procedure for the reimbursement of the cost of tuition, books and fees to any public community college or vocational or technical school or within the limits established in subsection 10 of this section for any two-year private vocational or technical school for any student:

(1) Who has attended a high school in the state for at least three years immediately prior to graduation that meets the requirements of subsection 2 of this section; except that, students who are active duty military dependents, and students who are dependants of retired military who relocate to Missouri within one year of the date of the parent's retirement from active duty, who, in the school year immediately preceding graduation, meet all other requirements of this subsection and are attending a school that meets the requirements of subsection 2 of this section shall be exempt from the three-year attendance requirement of this subdivision; and

(2) Who has made a good faith effort to first secure all available federal sources of funding that could be applied to the reimbursement described in this subsection; and

(3) Who has earned a minimal grade average while in high school as determined by rule of the department of higher education, and other requirements for the reimbursement authorized by this subsection as determined by rule and regulation of the department[; and

~~———— (4) Who is a citizen or permanent resident of the United States].~~

9. The commissioner of education shall develop a procedure for evaluating the effectiveness of the program described in this section. Such evaluation shall be conducted annually with the results of the evaluation provided to the governor, speaker of the house, and president pro tempore of the senate.

10. For a two-year private vocational or technical school to obtain reimbursements under subsection 8 of this section, the following requirements shall be satisfied:

(4) The reimbursements provided to any two-year private vocational or technical school shall not violate the provisions of Article IX, Section 8, or Article I, Section 7, of the Missouri Constitution or the first amendment of the United States Constitution."; and

Further amend said bill, Page 2, Section 167.902, Line 28, by inserting after all of said line the following:

2. The definitions of terms set forth in section 173.205 shall be applicable to such terms as used in this section. The term "competitiveness scholarship" means an amount of money paid by the state of Missouri to a qualified college or university student pursuant to the provisions of this section.

3. The coordinating board for higher education shall be the administrative agency for the implementation of the program established by this section, and shall:

(2) Prescribe the form and the time and method of awarding competitiveness scholarships, and shall supervise the processing thereof; and

(3) Select qualified recipients to receive competitiveness scholarships, make such awards of competitiveness scholarships to qualified recipients and determine the manner and method of payment to the recipient.

4. A student shall be eligible for initial or renewed competitiveness scholarship if, at the time of his application and throughout the period during which he is receiving such assistance, he is a part-time student who:

(1) Is eighteen years of age or older;

(2) Is employed twenty hours or more per week;

(3) ~~Is a citizen or a permanent resident of the United States;~~

~~———(4)]~~ Is a resident of the state of Missouri, as determined by reference to standards promulgated pursuant to section 173.140;

~~[(6)]~~ (5) Establishes financial need.

5. A recipient of competitiveness scholarship awarded under the provisions of this section may transfer from one approved Missouri public or private institution to another without losing eligibility for the scholarship. If a recipient of the scholarship at any time withdraws from an approved private or public institution so that under the rules and regulations of that institution he is entitled to a refund of any tuition, fees or other charges, the institution shall pay the portion of the refund attributable to the scholarship for that term to the coordinating board for higher education."; and

Further amend said bill, Page 3, Section 173.1004, Line 49, by inserting after all of said line the following:

"173.1104. 1. An applicant shall be eligible for initial or renewed financial assistance only if, at the time of application and throughout the period during which the applicant is receiving such assistance, the applicant:

(1) ~~Is a citizen or a permanent resident of the United States;~~

~~———(2)]~~ Is a resident of the state of Missouri, as determined by reference to standards promulgated by the coordinating board;

~~[(3)]~~ (2) Is enrolled, or has been accepted for enrollment, as a full-time undergraduate student in an approved private or public institution; and

~~[(4)]~~ (3) Is not enrolled or does not intend to use the award to enroll in a course of study leading to a degree in theology or divinity.

2. If an applicant is found guilty of or pleads guilty to any criminal offense during the period of time in which the applicant is receiving financial assistance, such applicant shall not be eligible for renewal of such assistance, provided such offense would disqualify the applicant from receiving federal student aid under Title IV of the Higher Education Act of 1965, as amended.

3. Financial assistance shall be allotted for one academic year, but a recipient shall be eligible for renewed assistance until he or she has obtained a baccalaureate degree, provided such financial assistance shall not exceed a total of ten semesters or fifteen quarters or their equivalent. Standards of eligibility for renewed assistance shall be the same as for an initial award of financial assistance, except that for renewal, an applicant shall demonstrate a grade-point average of two and five-tenths on a four-point scale, or the equivalent on another scale. This subsection shall be construed as the successor to section 173.215 for purposes of eligibility requirements of other financial assistance programs that refer to section 173.215.

173.2505. 1. This section shall be known and may be cited as the "Dual Credit Scholarship Act".

2. To be eligible to receive the dual credit scholarship, a student shall:

(1) ~~[Be a United States citizen or permanent resident;~~

~~———(2)]~~ Be a Missouri resident as defined by the coordinating board for higher education pursuant to section 173.005;

~~[(3)]~~ (2) Be enrolled in a dual credit program offered by an approved dual credit provider, as defined in section 173.2500;

- (c) Receive low-income public assistance, such as the Supplemental Nutrition Assistance Program (SNAP) or the Special Supplemental Nutrition Program for Women, Infants, and Children (WIC), or live in federally subsidized public housing.

3. The dual credit scholarship is hereby created to provide financial assistance to high school students enrolling in dual credit courses offered by an approved dual credit provider as defined in section 173.2500. The coordinating board may promulgate rules for the administration of the program including establishing the application, eligibility, and payment procedures. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2016, shall be invalid and void.

4. Subject to appropriation, the dual credit scholarship shall reimburse eligible students for up to fifty percent of the tuition cost paid by the student to enroll in a dual credit course offered by an approved dual credit provider.

5. No student shall receive in excess of five hundred dollars annually for all dual credit courses taken by such student.

6. There is hereby created in the state treasury the "Dual Credit Scholarship Fund", which shall consist of moneys appropriated to the fund by the general assembly and private donations made to the fund. The state treasurer shall be the custodian of the fund and shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund.

173.2550. 1. The provisions of this section shall be known and may be cited to as the "Make America Great Again Act".

2. Notwithstanding any other provision of law, no person shall be denied any post-secondary public education benefit based on the citizenship or immigration status, lawful or unlawful, of such person.

178.411. 1. As used in this section, the following terms mean:

- (1) "Board", state board of education;
- (2) "Course", any unit of study for which an institution awards credit hours toward the completion of an education program;
- (3) "Fee", any tuition or fee or both charged by an institution for attendance at that institution by a resident of this state;
- (4) "Fee waiver", the relinquishment by the institution of its charge of fees to a homemaker according to the provisions of this section;
- (5) "Homemaker", an individual whose principal job has been homemaking, who has lost his or her main source of income because of divorce, separation, death or disability of a spouse, long-term family income below poverty level, or loss of eligibility for public assistance, and who has not been employed on a full-time basis of forty hours per week for at least three years. Such full-time employment shall not include seasonal occupations;
- (6) "Institution", a public area vocational-technical school or a public community college as established in this chapter;
- (7) "Training program ready", the completion by a homemaker of a comprehensive vocational assessment of interests, aptitudes and abilities inventories or tests to ensure appropriate vocational educational placement from an approved vocational assessment/evaluation program, including the completion of a vocational orientation involving career decision-making activities, career exploration into nontraditional programs, new technologies and high demand occupations;

(8) "Vocational education program", an educational program for less than a baccalaureate degree, the controlling purpose of which is to prepare for profitable employment.

2. The board shall be the administrative agency for the implementation of this section. The board shall:

(1) Promulgate rules and regulations for the implementation of this section;

(2) Determine the procedures necessary for a homemaker to apply for and receive a fee waiver and provide the necessary forms;

(3) Determine eligibility guidelines for an institution to follow in the event that more homemakers apply for fee waivers in vocational education programs than the institution can accommodate in any particular enrollment period;

(4) Determine guidelines for individual eligibility and minimum standards in order for a homemaker to become and to remain eligible to receive a fee waiver, including becoming training program ready;

(5) Distribute annual grants to the institutions within the amounts appropriated therefor according to the provisions of this section.

3. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of section 536.024.

4. Any other provision of the law to the contrary notwithstanding, an institution may waive the fee required for attendance in a vocational education program by a homemaker. Unless otherwise required by federal law, the receipt of the fee waiver shall not cause a reduction from any other agency benefits while the individual is enrolled in a vocational education program and for a period of six months after exit to full-time unsubsidized employment.

5. Within the limits of the amounts appropriated therefor, the board shall award an annual grant to each institution for fee waivers. The appropriated amount shall be divided between the area vocational-technical schools and the community colleges and shall be distributed according to the state plan for federal vocational education funds.

6. A homemaker may receive a fee waiver from an institution if at the time of application and throughout the period during which the homemaker is receiving such waiver the homemaker is a ~~[citizen or permanent resident of the United States, is a]~~ resident of the state of Missouri as defined by the board, and is enrolled or has been accepted for enrollment in a vocational education program the purpose of which is to prepare for gainful employment. In no event shall a homemaker receive additional fee waivers beyond the completion of the vocational education program for which the homemaker is enrolled. A homemaker may change from one program to another prior to completion of the original program without loss of eligibility; provided, however, that the total credit hours for which fees are waived shall not exceed the equivalent credit hours of a community college associate's degree.

7. Nothing in this section shall be construed as a promise or guarantee that a homemaker will be admitted to an institution or to a particular program within that institution, that a homemaker will be allowed to continue after having been admitted, or will be graduated from a program at an institution. Each institution's rules and policies on student advancement shall apply to homemakers receiving fee waivers. An institution may subsequently refuse to waive fees if the homemaker has not made satisfactory progress or has withdrawn from the program prior to completion of the course without cause according to the institution's rules.

~~[173.1110. 1. No covered student unlawfully present in the United States shall receive a postsecondary education public benefit. Nothing in this section shall be construed to prohibit the rendering of emergency medical care, prenatal care, services offering alternatives to abortion, emergency assistance, or legal assistance to any person.

2. As used in this section, "public benefit" means any grant, contract, or loan provided by an agency of state or local government; or any retirement, welfare, health, disability, housing, or food assistance benefit under which payments, assistance, credits, or reduced rates or fees are provided. The term "public benefit" shall not include postsecondary education public benefits as defined in section 173.1110, any municipal permit, or contracts or agreements between public utility providers and their customers or unemployment benefits payable under chapter 288. 4. An applicant who cannot provide the proof required under this section at the time of application may alternatively sign an affidavit under oath, attesting to either United States citizenship or classification by the United States as an alien lawfully admitted for permanent residence, in order to receive temporary benefits or a temporary identification document as provided in this section. State and local agencies administering public benefits in this state shall cooperate with the United States Department of Homeland Security in achieving verification of an alien's lawful presence in the United States in furtherance of this section. The system utilized may include the Systematic Alien Verification for Entitlements Program operated by the United States Department of Homeland Security. After an applicant's lawful presence in the United States has been verified through the

~~Systematic Alien Verification for Entitlements Program, no additional verification is required within the same agency of the state or local government.~~
