

HB 1735 -- Law Enforcement Technology

SPONSOR: Merideth (80)

This bill authorizes the Department of Public Safety to engage in discussions with local government officials or law enforcement agencies to develop a memorandum of understanding concerning the use of automated license plate reader systems and crime cameras by law enforcement on public roadways within the state. The memorandum of understanding shall contain detailed policies and protocols regarding the use of automated license plate reader systems and crime cameras, including specific policies on data retention.

Beginning August 28, 2019, the department shall implement a rule for the installation of fixed automated license plate reader systems by government entities. The rule shall be posted on the department's official website.
