

HB 2494 -- FEDERAL EDUCATION REQUIREMENTS

SPONSOR: Dogan

This bill requires the Department of Elementary and Secondary Education (DESE) to conduct a study to comply with requirements imposed by federal law. The statewide accountability system described in the Every Student Succeeds Act requires Missouri to identify the minimum number of students that is both necessary to disaggregate student information by subgroups and sufficient to prevent revelation of personally identifiable information. This bill directs DESE to conduct a study to identify that minimum number of students within the parameters specified by the bill. The results of the study shall be reported within 180 days of August 28, 2018.
