

HJR 76 -- CAPITOL BUILDING

SPONSOR: Marshall

Upon voter approval, this proposed Constitutional amendment would require a reasonable suspicion of lawbreaking and the issuance of a search warrant for any search or seizure related to visitors to the State Capitol building or its grounds with the exception of a search or seizure conducted to prevent an imminent threat of harm to life or property. The Capitol building will be open to the public for purposes such as peaceful assembly, petition of the government, and observation of sessions of the General Assembly.

This bill is similar to HJR 31 (2017).
