

SB 981 -- WORKERS' COMPENSATION

This bill requires the Division of Workers' Compensation to publish on its website the notice prepared, as required by law, concerning specific information about the workers' compensation system. A carrier may provide the notice to an insured in electronic format by directing the insured to the notice available on the division's website.

This bill also specifies that any group of political subdivisions qualified to self-insure their workers' compensation liability may choose either the average rate classification method or the filed rate method. The group may only change the method used once without the consent of the Director of the Division of Workers' Compensation.
