3 prescribed by section 301.560, and the director may place upon the plates other letters or marks to
4 distinguish commercial motor vehicles and trailers and other types of motor vehicles.

5 5. No motor vehicle or trailer shall be operated on any highway of this state unless it shall
6 have displayed thereon the license plate or set of license plates issued by the director of revenue or
7 the state highways and transportation commission and authorized by section 301.140. Each such
8 plate shall be securely fastened to the motor vehicle or trailer in a manner so that all parts thereof
9 shall be plainly visible and reasonably clean so that the reflective qualities thereof are not impaired.
10 Each such plate may be encased in a transparent cover so long as the plate is plainly visible and its
11 reflective qualities are not impaired. License plates shall be fastened to all motor vehicles except
12 trucks, tractors, truck tractors or truck-tractors licensed in excess of twelve thousand pounds on the
13 front and rear of such vehicles not less than eight nor more than forty-eight inches above the ground,
14 with the letters and numbers thereon right side up. The license plates on trailers, motorcycles,

19 than forty-eight inches above the ground, with the letters and numbers thereon right side up or if two
20 plates are issued for the vehicle pursuant to subsection 3 of this section, displayed in the same
21 manner on the front and rear of such vehicles. The license plate or plates authorized by section
22 301.140, when properly attached, shall be prima facie evidence that the required fees have been
23 paid.

24 6. (1) The director of revenue shall issue annually or biennially a tab or set of tabs as
25 provided by law as evidence of the annual payment of registration fees and the current registration
26 of a vehicle in lieu of the set of plates. Beginning January 1, 2010, the director may prescribe any
27 additional information recorded on the tab or tabs to ensure that the tab or tabs positively correlate
28 with the license plate or plates issued by the department of revenue for such vehicle. Such tabs shall
29 be produced in each license bureau office.

30 (2) The vehicle owner to whom a tab or set of tabs is issued shall affix and display such tab
31 or tabs in the designated area of the license plate, no more than one per plate.

32 (3) A tab or set of tabs issued by the director of revenue when attached to a vehicle in the
33 prescribed manner shall be prima facie evidence that the registration fee for such vehicle has been
34 paid.

35 (4) Except as otherwise provided in this section, the director of revenue shall issue plates for
36 a period of at least six years.

37 (5) For those commercial motor vehicles and trailers registered pursuant to section 301.041,
38 the plate issued by the highways and transportation commission shall be a permanent nonexpiring
39 license plate for which no tabs shall be issued. Nothing in this section shall relieve the owner of any
40 vehicle permanently registered pursuant to this section from the obligation to pay the annual
41 registration fee due for the vehicle. The permanent nonexpiring license plate shall be returned to the

highways and transportation commission upon the sale or disposal of the vehicle by the owner to whom the permanent nonexpiring license plate is issued, or the plate may be transferred to a replacement commercial motor vehicle when the owner files a supplemental application with the Missouri highways and transportation commission for the registration of such replacement commercial motor vehicle. Upon payment of the annual registration fee, the highways and transportation commission shall issue a certificate of registration or other suitable evidence of payment of the annual fee, and such evidence of payment shall be carried at all times in the vehicle for which it is issued.

(6) Upon the sale or disposal of any vehicle permanently registered under this section, or upon the termination of a lease of any such vehicle, the permanent nonexpiring plate issued for such vehicle shall be returned to the highways and transportation commission and shall not be valid for operation of such vehicle, or the plate may be transferred to a replacement vehicle when the owner files a supplemental application with the Missouri highways and transportation commission for the registration of such replacement vehicle. If a vehicle which is permanently registered under this section is sold, wrecked or otherwise disposed of, or the lease terminated, the registrant shall be given credit for any unused portion of the annual registration fee when the vehicle is replaced by the purchase or lease of another vehicle during the registration year.

7. Notwithstanding any other provision of this chapter to the contrary, beginning January 1, 2020, the department of revenue shall give owners of motor vehicles other than apportioned motor vehicles or a commercial motor vehicle licensed in excess of twenty-four thousand pounds gross weight the option to permanently register such motor vehicles upon payment of a registration fee of two hundred fifty dollars. The license plates issued by the department of revenue shall be permanent, nonexpiring license plates for which no tabs shall be issued. After payment of the initial fee for permanent registration, motor vehicles registered under this subsection shall be exempt from any obligation to pay annual or biennial registration fees under this chapter. The permanent, nonexpiring license plates shall be returned to the department of revenue upon the sale or disposal of the motor vehicle by the owner to whom the permanent nonexpiring license plate is issued, or the plate may be transferred to a replacement motor vehicle when the owner files a supplemental application with the department for the registration of such replacement motor vehicle.

8. The director of revenue and the highways and transportation commission may prescribe rules and regulations for the effective administration of this section. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of section 536.024.

[8.] 9. Notwithstanding the provisions of any other law to the contrary, owners of motor vehicles other than apportioned motor vehicles or commercial motor vehicles licensed in excess of twenty-four thousand pounds gross weight may apply for special personalized license plates. Vehicles licensed for twenty-four thousand pounds that display special personalized license plates shall be subject to the provisions of subsections 1 and 2 of section 301.030. On and after August 28, 2016, owners of motor vehicles, other than apportioned motor vehicles or commercial motor vehicles licensed in excess of twenty-four thousand pounds gross weight, may apply for any preexisting or hereafter statutorily created special personalized license plates.

1 [9.] 10. No later than January 1, 2019, the director of revenue shall commence the
2 reissuance of new license plates of such design as approved by the advisory committee under
3 section 301.125 consistent with the terms, conditions, and provisions of section 301.125 and this
4 chapter. Except as otherwise provided in this section, in addition to all other fees required by law,
5 applicants for registration of vehicles with license plates that expire during the period of reissuance,
6 applicants for registration of trailers or semitrailers with license plates that expire during the period
7 of reissuance and applicants for registration of vehicles that are to be issued new license plates
8 during the period of reissuance shall pay the cost of the plates required by this subsection. The
9 additional cost prescribed in this subsection shall not be charged to persons receiving special license
10 plates issued under section 301.073 or 301.443. Historic motor vehicle license plates registered
11 pursuant to section 301.131 and specialized license plates are exempt from the provisions of this
12 subsection. Except for new, replacement, and transfer applications, permanent nonexpiring license
13 plates issued to commercial motor vehicles and trailers registered under section 301.041 are exempt
