FISCAL ANALYSIS

ASSUMPTION

§§210.117, 211.038, and 452.375 - Placement of a child

Officials from the **Department of Social Services (DSS)** assume the proposal will have no fiscal impact on their organization.

DSS provided the following information to **Oversight** to support their “no fiscal impact” response. According to DSS, Section 6 of the Children’s Division Child Welfare Manual for resource home licensure, monitoring and licensure renewal includes many requirements supported by the Foster Family Licensing Rules which promote safety for the foster children placed in the licensed resource homes. These can be found at <https://www.sos.mo.gov/cmsimages/adrules/scr/current/13csr/13c35-60.pdf>. Requirements include criminal and child abuse checks (checks are done using fingerprints for the Missouri State Highway Patrol and Federal Bureau of Investigations, Family Care Safety Registry, Child Abuse and Neglect registry check for Missouri and other states, Case.Net and Sexual Offender Registry by address), home inspection reviews of the physical standards of the home, and pre-service training before placement and in-service training requirements to maintain license and renewal. Additionally, monthly visits by caseworkers are completed to ensure children remain safe and also to assist the parents with questions. These ongoing visits ensure that a relationship is maintained between the Children’s Division, foster parents and children.

§452.400 - Parents not granted visitation by courts when...

Oversight notes that the **Office of State Courts Administrator** has stated the proposal would not have a direct fiscal impact on their organization. Oversight does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for this organization.
