FISCAL ANALYSIS

ASSUMPTION

Officials from the **Office of Administration - Facilities Management Design and Construction (FMDC)** assume the impact of this legislation is unknown because it is uncertain if FMDC will enter into additional energy saving performance contracts in the future or what the terms of any future contracts will be. FMDC prefers to engage in energy saving projects with funds appropriated for that purpose, rather than borrowing money to fund energy saving performance contracts that must be paid back over an extended period. In addition, energy saving performance contracts do not guarantee actual cost savings to FMDC. Cost savings are typically tracked by contractually agreed-upon or stipulated measurements, not actual cost. Engaging an energy service company to perform work at State facilities adds a layer of cost and oversight, and FMDC has engineers and other professional staff who work to find and implement energy conservation measures in state facilities.

Oversight notes that FMDC has stated energy performance contracts do not guarantee actual cost savings and is unsure if FMDC will enter into additional energy saving performance contracts in the future. FMDC also stated that engaging in energy service companies adds a layer of cost and oversight for FMDC staff. Oversight does not have any information to the contrary. Therefore, Oversight will range fiscal impact of a savings of \$0 to Unknown (contracting with energy performance companies) and also a cost of \$0 to (Unknown) (cost and oversight for implementing energy conservation measures) to the General Revenue Fund.

Officials from the **Office of Administration - Budget and Planning (B&P)** assume this proposal:

- has no direct impact on B&P.
- has no direct impact on general and total state revenues.
- will not impact the calculation pursuant to Art. X, Sec. 18(e).

Officials from the **Department of Insurance, Financial Institutions and Professional Registration**, the **Department of Corrections** and the **Department of Mental Health** each defer to the Office of Administration to estimate the fiscal impact of the proposed legislation on their respective organizations.

ASSUMPTION (continued)

Officials from the **Attorney General's Office, Department of Agriculture, Department of Economic Development (Public Service Commission, Office of the Public Council, and the Division of Energy), Department of Elementary and Secondary Education, Department of Higher Education, Department of Health and Senior Services, Department of Natural Resources, Department of Labor and Industrial Relations, Department of Revenue, Department of Public Safety (Office of the Director, Capitol Police, Alcohol & Tobacco Control, Fire Safety, Gaming Commission, Missouri Highway Patrol, Missouri National Guard, State Emergency Management Agency and the Veterans Commission) Office of the Governor, Joint Committee on Administrative Rules, Missouri Lottery Commission, Missouri Consolidated Health Care Plan, Missouri Department of Conservation, Missouri Ethics Commission, Missouri House of Representatives, Office of the Lieutenant Governor, Department of Transportation, Office of Prosecution Services, Missouri State Employee's Retirement System, MoDOT & Patrol Employees' Retirement System, Office of Administration (Administrative Hearing Commission), Office of the State Courts Administrator, Office of the State Auditor, Missouri Senate, Office of the Secretary of State, Office of the State Public Defender, Office of the State Treasurer and the State Tax Commission** each assume the proposal will have no fiscal impact on their respective organizations.

Oversight notes that the above mentioned agencies have stated the proposal would not have a direct fiscal impact on their organizations. Oversight does not have any information to the contrary. Therefore, Oversight will reflect a zero impact on the fiscal note for these agencies.

Officials from the **University of Missouri, Missouri State University, Technical College of Missouri, Kansas City, Greene County and Monroe County** each assume the proposal will have no fiscal impact on their respective organizations.

Oversight notes that the above mentioned entities have stated the proposal would not have a direct fiscal impact on their organizations. Oversight does not have any information to the contrary. Therefore, Oversight will reflect a zero impact on the fiscal note. For these agencies

Oversight only reflects the responses that we have received from state agencies and political subdivisions; however, other colleges and universities, cities and counties were requested to respond to this proposed legislation but did not. FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

Currently, a governmental unit is required to award a contract to a qualified provider if, among other things, it finds that the amount it would spend on the energy cost savings measures recommended in the proposal would not exceed the amount of energy or operational savings, or both, within a 15-year period from the date installation is complete, if the recommendations in the proposal are followed. This bill extends the time frame to a 25-year period.

The bill also modifies the definition of "energy cost savings measure" to include a training program or facility improvement, modernization, system replacement, or building replacement, including any of the following:

- (1) Roofing, exterior building, envelope, and piping;
- (2) Domestic water, sewer, and domestic hot water system improvements;

FISCAL DESCRIPTION (continued)

(3) Indoor swimming pool improvements; and

(4) Any security or safety improvement that provides long term operating cost reduction and improves the safety of the building occupants.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
