302.173. 1. 18 examination of his or her ability to safely operate a motor vehicle over the highways of this state 19 unless otherwise required by sections 302.700 to 302.780 or regulations promulgated thereunder, 20 other than a test of the applicant's ability to understand highway signs regulating, warning or 21 directing traffic and the vision test provided in section 302.175, unless the facts set out in the 22 renewal application or record of convictions on the expiring license, or the records of the director 23 show that there is good cause to authorize the director to require the applicant to submit to the 24 complete examination. The examination shall be made available in each county. Reasonable 25 notice of the time and place of the examination shall be given the applicant by the person or 26 officer designated to conduct it. The complete examination shall include a test of the applicant's 27 natural or corrected vision as prescribed in section 302.175, the applicant's ability to understand 28 highway signs regulating, warning or directing traffic, the applicant's practical knowledge of the 29 traffic laws of this state, and an actual demonstration of ability to exercise due care in the 30 operation of a motor vehicle of the classification for which the license is sought. During the 31 portion of the driving examination conducted to determine whether an applicant is able to exercise due care in the operation of a motor vehicle, the examiner shall demonstrate to 32 33 the applicant what he or she is likely to experience if the applicant's motor vehicle is 34 stopped by law enforcement. When an applicant for a license has a license from a state which 35 has requirements for issuance of a license comparable to the Missouri requirements or a license 36 from a country which has a reciprocal agreement with the state of Missouri regarding the 37 exchange of licenses pursuant to section 302.172 and such license has not expired more than six 38 months prior to the date of application for the Missouri license, the director may waive the test 39 of the applicant's practical knowledge of the traffic laws of this state, and the requirement of 40 actual demonstration of ability to exercise due care in the operation of a motor vehicle. If the 41 director has reasonable grounds to believe that an applicant is suffering from some known 42 physical or mental ailment which ordinarily would interfere with the applicant's fitness to operate 43 a motor vehicle safely upon the highways, the director may require that the examination include 44 a physical or mental examination by a licensed physician of the applicant's choice, at the 45 applicant's expense, to determine the fact. The director shall prescribe regulations to ensure 46 uniformity in the examinations and in the grading thereof and shall prescribe and furnish all 47 forms to the members of the highway patrol and to other persons authorized to conduct 48 examinations as may be necessary to enable the officer or person to properly conduct the 49 examination. The records of the examination shall be forwarded to the director who shall not 50 issue any license hereunder if in the director's opinion the applicant is not qualified to operate 51 a motor vehicle safely upon the highways of this state.

52 2. Beginning July 1, 2005, when the examiner has reasonable grounds to believe that an 53 individual has committed fraud or deception during the examination process, the license

54 examiner shall immediately forward to the director all information relevant to any fraud or 55 deception, including, but not limited to, a statement of the examiner's grounds for belief that the 56 person committed or attempted to commit fraud or deception in the written, skills, or vision 57 examination.

58 3. The director of revenue shall delegate the power to conduct the examinations required 59 for a license or permit to any member of the highway patrol or any person employed by the 60 highway patrol. The powers delegated to any examiner may be revoked at any time by the 61 director of revenue upon notice.

4. Notwithstanding the requirements of subsections 1 and 3 of this section, the successful completion of a motorcycle rider training course approved pursuant to sections 302.133 to 302.137 shall constitute an actual demonstration of the person's ability to exercise due care in the operation of a motorcycle or motortricycle, and no further practical knowledge or driving test shall be required to obtain a motorcycle or motortricycle license or endorsement. The motorcycle rider training course completion shall be accepted for purposes of motorcycle license or endorsement issuance for one year from the date of course completion.

69 5. Notwithstanding the requirements of subsections 1 and 3 of this section, the successful 70 completion of a military motorcycle rider training course that meets or exceeds the Motorcycle 71 Safety Foundation curriculum standards by an applicant who is an active member of the United 72 States Armed Forces, shall constitute an actual demonstration of the person's ability to exercise 73 due care in the operation of a motorcycle or motortricycle, and no further practical knowledge 74 or driving test shall be required to obtain a motorcycle or motortricycle license or endorsement. 75 The military motorcycle rider training course completion shall be accepted for purposes of 76 motorcycle license or endorsement issuance for one year from the date of course completion. 77 The director of revenue is authorized to promulgate rules and regulations for the administration 78 and implementation of this subsection including rules governing the presentment of motorcycle 79 training course completion cards from a military motorcycle rider training course or other 80 documentation showing that the applicant has successfully completed a course in basic 81 motorcycle safety instruction that meets or exceeds curriculum standards established by the 82 Motorcycle Safety Foundation or other national organization whose purpose is to improve the 83 safety of motor cyclists on the nation's streets and highways. Any rule or portion of a rule, as that 84 term is defined in section 536.010, that is created under the authority delegated in this section 85 shall become effective only if it complies with and is subject to all of the provisions of chapter 86 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any 87 of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the 88 effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the
