94 established by the state board of education and shall be valid based upon verification of actual
95 teaching within a specified time period established by the state board of education. The state
96 board shall require holders of the four-year initial professional certificate to:

97 (a) Participate in a mentoring program approved and provided by the district for a
98 minimum of two years;

99 (b) Complete thirty contact hours of professional development, which may include hours
100 spent in class in an appropriate college curriculum, or for holders of a certificate under
101 subdivision (4) of subsection 1 of this section, an amount of professional development in
102 proportion to the certificate holder's hours in the classroom, if the certificate holder is employed
103 less than full time; and

104 (c) Participate in a beginning teacher assistance program.

105 (3) (a) The career continuous professional certificate shall be issued upon verification

108 subdivision (2) of this subsection or ~~[paragraphs (a), (b), (c), and (d) of]~~ subdivision (5) of
109 subsection 1 of this section.

110 (b) The career continuous professional certificate shall be continuous based upon
111 verification of actual employment in an educational position as provided for in state board
112 guidelines and completion of fifteen contact hours of professional development per year which
113 may include hours spent in class in an appropriate college curriculum. Should the possessor of
114 a valid career continuous professional certificate fail, in any given year, to meet the fifteen-hour
115 professional development requirement, the possessor may, within two years, make up the
116 missing hours. In order to make up for missing hours, the possessor shall first complete the
117 fifteen-hour requirement for the current year and then may count hours in excess of the current
118 year requirement as make-up hours. Should the possessor fail to make up the missing hours
119 within two years, the certificate shall become inactive. In order to reactivate the certificate, the
120 possessor shall complete twenty-four contact hours of professional development which may
121 include hours spent in the classroom in an appropriate college curriculum within the six months
122 prior to or after reactivating his or her certificate. The requirements of this paragraph shall be
123 monitored and verified by the local school district which employs the holder of the career
124 continuous professional certificate.

(c) A holder of a career continuous professional certificate shall be exempt from the professional development contact hour requirements of paragraph (b) of this subdivision if such teacher has a local professional development plan in place within such teacher's school district and meets two of the three following criteria:

- a. Has ten years of teaching experience as defined by the state board of education;
 - b. Possesses a master's degree; or
 - c. Obtains a rigorous national certification as approved by the state board of education.
4. Policies and procedures shall be established by which a teacher who was not retained due to a reduction in force may retain the current level of certification. There shall also be established policies and procedures allowing a teacher who has not been employed in an educational position for three years or more to reactivate his or her last level of certification by completing twenty-four contact hours of professional development which may include hours spent in the classroom in an appropriate college curriculum within the six months prior to or after reactivating his or her certificate.

5. The state board shall, upon completion of a background check as prescribed in section 168.133, issue a professional certificate classification in the areas most closely aligned with an applicant's current areas of certification, commensurate with the years of teaching experience of the applicant, to any person who is hired to teach in a public school in this state and who possesses a valid teaching certificate from another state or certification under subdivision (4) of subsection 1 of this section, provided that the certificate holder shall annually complete the state board's requirements for such level of certification, and shall establish policies by which residents of states other than the state of Missouri may be assessed a fee for a certificate of license to teach in the public schools of Missouri. Such fee shall be in an amount sufficient to recover any or all costs associated with the issuing of a certificate of license to teach. The board shall promulgate rules to authorize the issuance of a provisional certificate of license, which shall allow the holder to assume classroom duties pending the completion of a criminal background check under section 168.133, for any applicant who:

- (1) Is the spouse of a member of the Armed Forces stationed in Missouri;
- (2) Relocated from another state within one year of the date of application;
- (3) Underwent a criminal background check in order to be issued a teaching certificate of license from another state; and
- (4) Otherwise qualifies under this section.

6. The state board may assess to holders of an initial professional certificate a fee, to be deposited into the excellence in education revolving fund established pursuant to section 160.268, for the issuance of the career continuous professional certificate. However, such fee shall not exceed the combined costs of issuance and any criminal background check required as

161 a condition of issuance. Applicants for the initial ABCTE certificate shall be responsible for any
162 fees associated with the program leading to the issuance of the certificate, but nothing in this
163 section shall prohibit a district from developing a policy that permits fee reimbursement.

164 7. Any member of the public school retirement system of Missouri who entered covered
165 employment with ten or more years of educational experience in another state or states and held
166 a certificate issued by another state and subsequently worked in a school district covered by the
167 public school retirement system of Missouri for ten or more years who later became certificated
168 in Missouri shall have that certificate dated back to his or her original date of employment in a
169 Missouri public school.
