

HB 582 -- SHORT TERM HEALTH INSURANCE

SPONSOR: Helms

This bill exempts short-term major medical policies from several health insurance mandates in Chapter 376, RSMo, and allows such policies to have a term of less than one year. Currently, the term limit is up to six months duration.

The bill requires the fact page of all short-term major medical policies to include a disclosure. Short-term health insurance policies shall conform with requirements specified in the bill.
