

HB 1193 -- CHILD CARE SERVICES

SPONSOR: Ingle

This bill requires the Department of Health and Senior Services to approve, administer, and coordinate child care services for the children of state officers and employees. Providers shall be selected competitively and centers may be located in public buildings, or state-leased facilities. State departments may also enter into consortium agreements for child care services. The department shall promulgate rules for this program, including rules for subsidizing the cost of facility rental and other operating costs.
