

HB 1217 -- OFF-LABEL DRUG USE

SPONSOR: Neely

This bill allows a pharmaceutical manufacturer to engage the truthful promotion of an off-label use of a drug, biological product, or device.

No state official shall prohibit or prosecute a pharmaceutical manufacturer for engaging in the truthful promotion of an off-label use of a drug, biological product, or device, and no state agency shall take action against the license of a pharmaceutical manufacturer, health care facility, or physician for engaging in the truthful promotion of an off-label use of a drug, biological product, or device.

This bill is the same as HB 1524 (2018).
