26 line the following:

27  
28 "701.200. 1. Subject to appropriations, each school district, as such term is defined in  
29 section 160.011, may test a sample of a source of potable water in a public school building in that  
30 district serving students under first grade and constructed before 1996 for lead contamination in  
31 accordance with guidance provided by the department of health and senior services. The school  
32 district may submit the samples to a department-approved laboratory for analysis for lead and  
33 provide the written sampling results to the department within seven days of receipt.

34 2. The department shall develop guidance for schools in collecting and testing first-draw  
35 samples of potable water. The department shall develop and make publicly available a list of  
36 approved laboratories for lead analysis.

Action Taken \_\_\_\_\_ Date \_\_\_\_\_

1        3. If any of the samples exceed current standards for parts per billion of lead established by  
2 the U.S. Environmental Protection Agency, the school district shall promptly provide individual  
3 notification of the sampling results, by written or electronic communication, to the parents or legal  
4 guardians of all enrolled students and include the following information: the corresponding  
5 sampling location within the building and the U.S. Environmental Protection Agency's website for  
6 information about lead in drinking water. If any of the samples taken in the building are at or below  
7 five parts per billion, notification may be made as provided in this subsection or by posting on the  
8 school's website.

9        4. The department may promulgate rules and regulations necessary to implement the  
10 provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010,  
11 that is created under the authority delegated in this section shall become effective only if it complies  
12 with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This  
13 section and chapter 536 are nonseverable and if any of the powers vested with the general assembly  
14 pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are  
15 subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or  
16 adopted after August 28, 2020, shall be invalid and void.

17        5. As used in this section, the term "source of potable water" shall mean the point at which  
18 nonbottled water that may be ingested by children or used for food preparation exits any tap, faucet,  
19 drinking fountain, wash basin in a classroom occupied by children or students under first grade, or  
20 similar point of use; provided, that all bathroom sinks and wash basins used by janitorial staff are  
21 excluded from this definition."; and

22  
23 Further amend said bill and page, Section 67.5122, Lines 1-5, by deleting all of said section and  
24 lines from the bill; and

25  
26 Further amend said bill by amending the title, enacting clause, and intersectional references  
27 accordingly.
