FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Natural Resources (DNR)** assume the proposal will have no fiscal impact on their organization.

Oversight inquired of DNR as to if they have an existing interactive map of hazardous waste sites. DNR stated they do have a map of hazardous waste sites (<https://dnr.mo.gov/ESTART/>). In addition, they have a handful of high priority, high visibility sites that have their own web pages and those pages allow individuals to sign up for updates. The vast majority of the sites in the ESTART mapper do not have their own separate web page dedicated to the site.

Oversight notes that DNR has stated the proposal would not have a direct fiscal impact on their organization. Oversight does not have any information to the contrary. Therefore, Oversight will reflect a zero impact on the fiscal note for DNR.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

This bill requires the Department of Natural Resources to create and make available on its website an interactive map of hazardous waste sites in the state. The maps must link to certain information. Before January 1, 2021, each hazardous waste site must post an informational sign at each entrance to the site. The department must develop language for the sign as specified in the bill.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
