FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Elementary and Secondary Education** assume the proposal will have no fiscal impact on their organization.

Officials from the **Department of Public Safety - Missouri Highway Patrol (MHP)** assume the proposal will have no fiscal impact on their organization. MHP states the Driver and Vehicle Safety Division (DVSD) records indicate that the total number of buses inspected by MHP during the 2019 annual school bus inspection program that were licensed in states other than Missouri is approximately 225. 210 of the out-of-state licensed buses were operated by Missouri Central Bus for the Voluntary Interdistrict Choice Corporation (VICC) program in the St. Louis area. Approximately 10 buses with out-of-state license plates were operated by Apple Bus Company. An additional 4 buses owned by KC Premier Transportation were found with no license plates at the time of scheduled school bus inspections.

Officials from the **Department of Transportation** defer to DOR for the fiscal impact of this proposal.

Officials from the **Department of Revenue (DOR)** state §301.065 is modified to clarify the annual registration fee for each school bus licensed in Missouri is twenty-five dollars, fifty cents. It further adds that the registration fee for a school bus licensed in another state be two hundred dollars.

This bill has no impact since it does not raise the fee for Missouri registrations, and Missouri has no authority to assess a registration fee for vehicles registered in another state.

Oversight notes that the agencies mentioned above have stated the proposal would not have a direct fiscal impact on their respective organizations. As DOR notes, they do not have the ability to assess a registration fee for vehicles registered in another state. Therefore, Oversight will reflect a zero impact on the fiscal note to the state.

FISCAL DESCRIPTION

Currently the annual registration fee for a school bus is \$25.50. This bill requires that the annual registration fee for any school bus licensed in another state be \$200.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
