FISCAL ANALYSIS

ASSUMPTION

Officials from the **Office of the Secretary of State (SOS)** assume each year, a number of joint resolutions that would refer to a vote of the people a constitutional amendment and bills that would refer to a vote of the people the statutory issue in the legislation may be considered by the General Assembly.

Unless a special election is called for the purpose, Joint Resolutions proposing a constitutional amendment are submitted to a vote of the people at the next general election. Article XII section 2(b) of the Missouri Constitution authorizes the governor to order a special election for constitutional amendments referred to the people. If a special election is called to submit a Joint Resolution to a vote of the people, §115.063.2, RSMo, requires the state to pay the costs. The cost of the special election has been estimated to be \$7.8 million based on the cost of the 2016 Presidential Preference Primary.

The SOS is required to pay for publishing in local newspapers the full text of each statewide ballot measure as directed by Article XII, Section 2(b) of the Missouri Constitution and Section 116.230-116.290, RSMo. Funding for this item is adjusted each year depending upon the election cycle. A new decision item is requested in odd numbered fiscal years and the amount requested is dependent upon the estimated number of ballot measures that will be approved by the General Assembly and the initiative petitions certified for the ballot. In FY 2014, the General Assembly changed the appropriation so that it was no longer an estimated appropriation.

In FY19, over \$5.8 million was spent to publish the full text of the measures for the August and November elections. The SOS estimates \$65,000 per page for the costs of publications based on the actual cost incurred for the one referendum that was on the August 2018 ballot.

The SOS will continue to assume, for the purposes of this fiscal note, that it should have the full appropriation authority it needs to meet the publishing requirements. Because these requirements are mandatory, we reserve the right to request funding to meet the cost of our publishing requirements if the Governor and the General Assembly again change the amount or continue to not designate it as an estimated appropriation.

Oversight has reflected in this fiscal note, the state potentially reimbursing local political subdivisions the cost of having this joint resolution voted on during a special election in fiscal year 2021. This reflects the decision made by the Joint Committee on Legislative Research, that the cost of the elections should be shown in the fiscal note. The next scheduled statewide primary election is in August 2020 and the next scheduled general election is in November 2020

ASSUMPTION (continued)

(FY 2021 for both). It is assumed the subject within this proposal could be on one of these ballots; however, it could also be on a special election called for by the Governor (on a different date). Therefore, Oversight will reflect a potential election cost reimbursement to local political subdivisions in FY 2021.

Officials from the **Office of Administration-Budget and Planning** assume as the non-partisan state demographer is not housed in the Office of Administration, this proposal will not have a fiscal impact.

Officials from the **Missouri Senate, Missouri House of Representatives, State Auditor's Office, and Department of Corrections** each assume the proposal will have no fiscal impact on their organization.

Oversight notes that the Missouri Senate, Missouri House of Representatives, State Auditor's Office, Department of Corrections, and Office of Administration-Budget and Planning have stated the proposal would not have a direct fiscal impact on their organization. Oversight does not have any information to the contrary. Therefore, Oversight will reflect a zero impact on the fiscal note.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

This bill requires the Missouri Department of Corrections and any federal agency operating a prison to provide the nonpartisan state demographer with information on the prison location, race, and last known address or residence of currently incarcerated persons. Personally identifying information is not required.

The nonpartisan demographer shall make use of the last known address if possible for purposes of state legislative redistricting and shall not count such persons as residents of the district where the prison is located. If an address is not known or provided, then individuals will be allocated to a state unit not determined by specific geography as provided by current law governing certain military and overseas persons.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
