125 department of health and senior services designees. To the greatest extent possible the

For purposes of this section, the term "case management" shall mean those activities of local public health personnel to identify prospective MO HealthNet-eligible high-risk mothers and enroll them in the state's MO HealthNet program, refer them to local physicians or local health departments who provide prenatal care under physician protocol and who participate in the MO HealthNet program for prenatal care and to ensure that said high-risk mothers receive support from all private and public programs for which they are eligible and shall not include involvement in any MO HealthNet prepaid, case-managed programs;

182 is created under the authority delegated in this section shall become effective only if it complies
183 with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028.
184 This section and chapter 536 are nonseverable and if any of the powers vested with the general
185 assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and
186 annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and
187 any rule proposed or adopted after August 28, 2002, shall be invalid and void.

210 such care and services were furnished; provided, further, that such medical expenses remain
211 unpaid.

212 5. The department of social services may apply to the federal Department of Health and

220 committee created in section 208.955. A request for such a waiver so submitted shall only
221 become effective by executive order not sooner than ninety days after the final adjournment of
222 the session of the general assembly to which it is submitted, unless it is disapproved within sixty
223 days of its submission to a regular session by a senate or house resolution adopted by a majority
224 vote of the respective elected members thereof, unless the request for such a waiver is made
225 subject to appropriation or directed by statute.
