

HB 1303 -- PUBLIC FUNDING FOR FAMILY PLANNING

SPONSOR: Dinkins

This bill establishes the "Prioritization of Public Funding for Family Planning Act", which creates a priority list for the uses of public funding for family planning.

Funding shall be made in the following order of priority:

- (1) Public entities;
- (2) Nonpublic hospitals and federally qualified health centers;
- (3) Rural health clinics; and
- (4) Nonpublic health providers with the primary purpose of serving a population that is medically under-served.

The bill provides for civil remedies for non-compliance with the prioritization.

This bill is similar to HB 861 (2019).
