

HB 1550 -- MISSOURI VOTER FRAUD PREVENTION ACT

SPONSOR: Sain

This bill establishes the "Missouri Voter Fraud Prevention Act" and requires the Missouri Secretary of State's office to implement automatic voter registration based on information provided by specified state agencies and institutions, including the Department of Revenue, the Department of Social Services, the University of Missouri system, and the Department of Corrections. An option to decline registration is available and shall be kept confidential. Errors in the voter registration system will not be class one election offenses unless they are the result of an individual knowingly providing false information.

This bill is the same as HB 929 (2019).
