

HCS HB 1912 -- RECREATION VEHICLE DEALERS (Bailey)

COMMITTEE OF ORIGIN: Standing Committee on Transportation

Currently, a recreation vehicle (RV) manufacturer must repurchase new, untitled RVs from the current and prior model year from an RV dealer when the dealer agreement is terminated, canceled, or not renewed by the manufacturer for cause. This bill modifies such repurchase to include voluntary dealer terminations within the RV dealer agreement, discontinuation of a franchise or line-make, distributor changes, and ceasing to do business in the state.

The repurchase requirement is limited to new, untitled recreation vehicle inventory acquired from the manufacturer in the previous 18 months that has not been altered or damaged at 100% of the net invoice cost, including transportation, less applicable rebates and discounts to the dealer.
