

HB 2048 -- MAIL SENT BY DIRECTOR OF THE DEPARTMENT OF REVENUE

SPONSOR: Sommer

This bill allows the Director of the Department of Revenue to mail any document by first class mail unless current law requires a document to be sent by certified mail. The director must mail every document to the recipient's last known address. In the event the director is notified that the document was not received, the director must attempt to reissue the document using available resources to determine the correct mailing address of the recipient.
