

HB 2097 -- DONATED FIRE EQUIPMENT

SPONSOR: Kolkmeier

This bill adds any company or organization to the list of entities against which there can be no cause of action if one of two conditions is met for donation of fire equipment or clothing and it adds fire training academy to the list of receiving entities. The current conditions for fire protection donation are repealed and the bill specifies that the two conditions that may be met are either:

(1) The recipient certifies to the donor at the time of donation that the equipment received works properly; or

(2) The donor informs the recipient in writing of any defects in the equipment or clothing about which the donor knew or, by using ordinary care, could have known at the time of donation.

This bill is the same as HCS HB 369 (2019).
