

HB 2148 -- Alcohol Sales

SPONSOR: Bondon

This bill modifies the definitions of "equipment and supplies", "product display", and "temporary point-of-sale advertising materials", "permanent point-of-sale advertising materials" and creates a definition for "nonrefrigeration dispensing accessories".

Currently, the limit on the amount of permanent point-of-sale advertising materials that may be sold or given to a retailer is \$500 per brand, per retail outlet. The replacement of similar permanent point-of-sale advertising materials that are damaged and nonfunctioning shall not apply toward the maximum of \$500.

The wholesaler or brewer may lend, give, rent, or sell, and may install or repair nonrefrigeration dispensing accessories at the retail business establishment to facilitate the dispensing of draft beer. A complete record of nonrefrigeration dispensing accessories given, rented, sold, installed, and loaned, and repairs and services made to a retailer shall be retained for a period of not less than one year by the wholesaler or brewer.

The bill allows a distiller, wholesaler, winemaker, or brewer to furnish, give, or sell cleaning and sanitation services to a retailer to preserve product integrity of distilled spirits, wine, or malt beverages.

This bill is similar to HB 634 (2019).
