

HB 2537 -- HUNTING PERMITS

SPONSOR: Moon

This bill prohibits the Department of Conservation from requiring a landowner to register his or her property before receiving any landowner hunting permit or possess a permit to take wildlife on his or her property. The Missouri Conservation Commission must issue landowner hunting permits to any resident or nonresident landowner who owns at least 5 acres of real property and who requests a permit.

This bill is similar to HB 2530 (2020).
