

HB 2629 -- CLEAN ENERGY ACT

SPONSOR: Bondon

This bill repeals the Property Assessment Clean Energy Act. As of August 28, 2020, no new clean energy development boards may be formed and no existing board may enter into any new assessment contracts or levies. If a board has outstanding contracts or levies, it may continue to operate but must dissolve once all outstanding contracts and levies are satisfied.

This bill sunsets on August 28, 2040 and terminates on September 1, 2041.
