## FISCAL ANALYSIS

### ASSUMPTION

#### Section 324.009 - Licensing Reciprocity

In response to a similar proposal from this year (HB 584), officials from the **Department of Health and Senior Services** stated that this legislation revises the professional licensing reciprocity criteria necessary to legally practice an occupation or profession in the state of Missouri. Applicants applying for licensure under the proposed legislation would fall under the same reciprocity process, fee and review as current applicants.

Changing regulations and applicant licensure reviews are within the normal duties for the Division of Regulation and Licensure. Minimal time and expense will be required to conduct the requirements of the proposed legislation. The department anticipates being able to absorb these costs; however, until the FY22 budget is final, the department cannot identify specific funding sources.

**Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for this agency.

In response to a similar proposal from this year (HB 584), officials from the **Office of Administration - Administrative Hearing Commission** anticipated that this legislation will not significantly alter its caseload. If similar bills pass, resulting in more cases, there will be a fiscal impact. Oversight does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for this agency.

In response to a similar proposal from this year (HB 584), officials from the **Department of Commerce and Insurance**, the **Department of Natural Resources**, the **Missouri Department of Agriculture**, the **Department of Public Safety - Missouri Highway Patrol** and the **Department of Revenue** each assumed the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

#### Section 324.012 – Background Check Procedures

In response to a similar proposal from this year (SB 308), officials from the **Department of Commerce and Insurance**, the **Office of Administration - Administrative Hearing Commission**, the **Department of Health and Senior Services**, the **Department of Natural Resources**, the **Department of Public Safety - Missouri Highway Patrol**, the **Department of Social Services**, the **Missouri Department of Agriculture** and the **Missouri Department of Transportation** each assumed the proposal will have no fiscal impact on their respective organizations.

**Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

#### Section 324.087 - Occupational Therapy Licensure Compact

Officials from the **Department of Commerce and Insurance (DCI)** state that the compact will be effective when it is enacted into law in the tenth member state. It is uncertain if the compact would be enacted in FY22, FY23 or FY24. Once the compact is enacted DCI would have the following fiscal impact: \$3,000 to \$6,000 estimated annual fee to participate in the compact.

**Oversight** assumes DCI is provided with core funding to handle a certain amount of activity each year. Oversight assumes DCI could absorb the costs related to this proposal and assumes the annual fee revenue is not material. If multiple bills pass which require additional staffing and duties at substantial costs, DCI could request funding through the appropriation process.

Officials from the **Office of Administration - Administrative Hearing Commission** anticipate that this legislation will not significantly alter its caseload. If similar bills pass, resulting in more cases, there will be a fiscal impact. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for this agency.

In response to a similar proposal from this year (SB 330), officials from the **Attorney General's Office**, the **Department of Public Safety - Missouri National Guard**, the **Missouri House of Representatives** and the **Missouri Senate** each assumed the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. If similar bills pass, resulting in more cases, there will be a fiscal impact. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for this agency.

**Oversight** only reflects the responses that we have received from state agencies and political subdivisions; however, other colleges and universities were requested to respond to this proposed legislation but did not. A general listing of political subdivisions included in our database is available upon request.

**Oversight** notes that DCI reports that there are currently 71 licensed athlete agents in Missouri.

Rule Promulgation

Officials from the **Joint Committee on Administrative Rules** assumed this proposal is not anticipated to cause a fiscal impact beyond its current appropriation.

Officials from the **Office of the Secretary of State** noted many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The Secretary of State's office is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to Secretary of State's office for Administrative Rules is less than \$5,000. The

Secretary of State's office recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, they also recognize that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what their office can sustain within their core budget. Therefore, they reserve the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.
