FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Commerce and Insurance**, the **Department of Economic Development**, the **Department of Elementary and Secondary Education**, the **Department of Higher Education and Workforce Development**, the **Department of Health and Senior Services**, the **Department of Mental Health**, the **Department of Natural Resources**, the **Department of Labor and Industrial Relations**, the **Department of Revenue**, the **Department of Public Safety (Office of the Director, Capitol Police, Alcohol & Tobacco Control, Fire Safety, Gaming Commission, Missouri Highway Patrol, Missouri National Guard, State Emergency Management Agency and Veterans Commission)**, the **Department of Social Services**, the **Office of the Governor**, the **Joint Committee on Administrative Rules**, the **Joint Committee on Public Employee Retirement**, the **Missouri Lottery Commission**, the **Missouri Consolidated Health Care Plan**, the **Department of Agriculture**, the **Missouri Department of Conservation**, the **Missouri Ethics Commission**, the **Missouri House of Representatives**, the **Department of Transportation**, the **Office of Prosecution Services**, the **Oversight Division**, the **Legislative Research Division**, the **Office of Administration (Administrative Hearing Commission and Budget and Planning)**, the **Office of the State Courts Administrator**, the **Office of the State Auditor**, the **Missouri Senate**, the **Office of the Secretary of State**, the **Office of the State Public Defender** and the **State Tax Commission** each assume the proposal will have no fiscal impact on their respective organizations for this proposal.

Oversight notes that the above mentioned agencies have stated the proposal would not have a direct fiscal impact on their organization. Oversight does not have any information to the contrary. Therefore, Oversight will reflect a zero impact on the fiscal note.

Officials from the **Department of Corrections** state this legislation may have an operational impact on the department by reducing the amount of staff time spent on researching, gathering, and copying said records. However, the actual impact is difficult to determine as it is unknown how many record requests will be received.

Oversight assumes the savings mentioned by the DOC will not be material and will not reflect any cost savings in the fiscal note.

Rule Promulgation

Officials from the **Joint Committee on Administrative Rules** assume this proposal is not anticipated to cause a fiscal impact beyond its current appropriation.

Officials from the **Office of the Secretary of State** notes many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The Secretary of State's office is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to Secretary of State's office for Administrative Rules is less than \$5,000. The Secretary of State's office recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, they also recognize that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what their office can sustain with their core budget. Therefore, they reserve the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.
