## FISCAL ANALYSIS

### ASSUMPTION

#### §579.097 – Inhalation of substances

Officials from the **Department of Corrections (DOC)** state this proposal prohibits the inhalation of certain substances.

Section 579.097 adds more substances to the list which is prohibited from smelling and inhaling. While no penalty provisions are listed in this legislation, §579.101 references a B misdemeanor for the first offense and an E felony for any subsequent offenses for anyone who violates §579.097 through §579.101.

The department will use a standard nonviolent E felony to estimate a fiscal impact. For each new nonviolent class E felony, the department estimates one person will be sentenced to prison and two to probation. The average sentence for a nonviolent class E felony offense is 3.4 years, of which 2.1 years will be served in prison with 1.4 years to first release. The remaining 1.3 years will be on parole. Probation sentences will be 3 years.

The cumulative impact on the department is estimated to be 2 additional offenders in prison and 7 on field supervision by FY24.

	# to prison	Cost per year	Total Costs for <b>prison</b>	# to probation & parole	Cost per year	Total cost for <b>probation and parole</b>	Grand Total - Prison and Probation (includes 2% inflation)
Year 1	1	(\$7,756)	(\$6,463)	2	absorbed	\$0	(\$6,463)
Year 2	2	(\$7,756)	(\$15,822)	4	absorbed	\$0	(\$15,822)
Year 3	2	(\$7,756)	(\$16,139)	7	absorbed	\$0	(\$16,139)
Year 4	2	(\$7,756)	(\$16,461)	7	absorbed	\$0	(\$16,461)
Year 5	2	(\$7,756)	(\$16,791)	7	absorbed	\$0	(\$16,791)
Year 6	2	(\$7,756)	(\$17,127)	7	absorbed	\$0	(\$17,127)
Year 7	2	(\$7,756)	(\$17,469)	7	absorbed	\$0	(\$17,469)
Year 8	2	(\$7,756)	(\$17,818)	7	absorbed	\$0	(\$17,818)
Year 9	2	(\$7,756)	(\$18,175)	7	absorbed	\$0	(\$18,175)
Year 10	2	(\$7,756)	(\$18,538)	7	absorbed	\$0	(\$18,538)

If this impact statement has changed from statements submitted in previous years, it is because the Department of Corrections has changed the way probation and parole daily costs are calculated to more accurately reflect the way the Division of Probation and Parole is staffed across the entire state.

In December 2019, the DOC reevaluated the calculation used for computing the Probation and Parole average daily cost of supervision and revised the cost calculation to be the DOC average district caseload across the state which is 51 offender cases per officer. The new calculation assumes that an increase/decrease of 51 cases would result in a change in costs/cost avoidance equal to the cost of one FTE staff person. Increases/decreases smaller than 51 offenders are assumed to be absorbable.

In instances where the proposed legislation would only affect a specific caseload, such as sex offenders, the DOC will use the average caseload figure for that specific type of offender to calculate cost increases/decreases. For instances where the proposed legislation affects a less specific caseload, DOC projects the impact based on prior year(s) actual data for DOC's 48 probation and parole districts.

The DOC cost of incarceration is \$21.251 per day or an annual cost of \$7,756 per offender. The DOC cost of probation or parole is determined by the number of P&P Officer II positions that would be needed to cover the new caseload.

**Oversight** does not have any information contrary to that provided by DOC. Therefore, Oversight will reflect DOC's impact for fiscal note purposes.

Officials from the **Department of Public Safety - Missouri Highway Patrol**, the **Missouri Office of Prosecution Services**, the **Office of the State Courts Administrator**, and the **Office of the State Public Defender** each assume the proposal will have no fiscal impact on their respective organizations.

**Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

FISCAL IMPACT – Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

This bill make changes to existing statute prohibiting a person from intentionally smelling or inhaling the fumes of a solvent for the purposes of inducing certain symptoms.

The bill adds "inhaling the gases or vapors of a solvent" to the statute. The bill also adds "inhaling a chemical, reagent, refrigerant, or other substance to the statute". The bill adds "inhaling the fumes of a solvent for the purposes of causing hallucination".

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
