FISCAL ANALYSIS

ASSUMPTION

In response to a similar proposal from this year (SB 334), officials from the **City of Springfield** stated that the city anticipates a negative fiscal impact due to impact on City Utility (CU) (a utility company owned by the City of Springfield) service territory; however, it is not possible to estimate the amount.

The City stated that under current law, if the city annexes an area being served by a rural electric cooperative, then CU would have the exclusive right to serve all new structures constructed in the newly annexed area. Under the proposed bill, CU would not have the exclusive right to serve those new structures in the annexed area, but which utility provides service would be determined by the Missouri Public Service Commission or the impacted owner of the structure. Therefore, there could be a negative impact on CU's service area, but it is not possible to determine the amount because it is unknown how many services in areas which CU currently has exclusive rights to serve would be provided by a rural electric cooperative instead.

Oversight assumes this legislation could affect all local political subdivisions that own a city utility company. Since it is unknown how many (if any) annexed areas will choose to continue service with a rural electric cooperative instead of using a City Utility or the PSC determines the new structure should be serviced by another utility company other than a City Utility, Oversight will reflect the fiscal impact to Local Political Subdivisions as \$0 or (Unknown).

Officials from the Department of Commerce and Insurance, the Department of Natural Resources, the Department of Revenue, Kansas City, the City of O'Fallon, the St. Louis Budget Division, the City of Tipton, High Point Elementary School District, the Howard County C-Pwsd, the Lexington Water/Wastewater District, the Little Blue Valley Sewer District, the Metropolitan St. Louis Sewer District, the Schell City Water Department, the Tipton Water/Wastewater District and the Wayne County Pwsd each assume the proposal will have no fiscal impact on their respective organizations. Oversight does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

Rule Promulgation

Officials from the **Joint Committee on Administrative Rules** assume this proposal is not anticipated to cause a fiscal impact beyond its current appropriation.

Officials from the **Office of the Secretary of State** notes many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to

L.R. No. 1629H.01I Bill No. HB 692 Page **4** of **5** March 8, 2021

implement the act. The Secretary of State's office is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to Secretary of State's office for Administrative Rules is less than \$5,000. The Secretary of State's office recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, they also recognize that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what our office can sustain with our core budget. Therefore, they reserve the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

FISCAL IMPACT – Small Business

A direct fiscal impact to small businesses that would no longer be required to use city utility if their structure was annexed would be expected as a result of this proposal.

FISCAL DESCRIPTION

The proposed legislation would modify provisions to service territories of retail electric service providers in the absence of an approved territorial agreement.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
