FISCAL ANALYSIS

ASSUMPTION

For the purpose of the proposed legislation, and as a result of excessive caseloads, the **Missouri State Public Defender (SPD)** cannot assume existing staff will be able to provide competent, effective representation for any new cases where persons apply for and qualify for public defender services in which a witness makes a communication to a Crime Stoppers Organization and the information is not provided in discovery to defense counsel. Counsel would be required to litigate the release of this information in every case resulting in additional time spent on any case that fits this category.

The SPD is currently providing legal representation in caseloads in excess of recognized standards. While the number of cases in which this issue may arise may be too few or uncertain to request additional funding for this specific bill, the SPD will continue to request sufficient appropriations to provide competent and effective representation in all cases where the right to counsel attaches.

Oversight assumes the SPD will be able to perform any additional duties required by this proposal with current staff and resources and will reflect no fiscal impact to the SPD for fiscal note purposes.

Officials from the **Department of Corrections**, the **Office of the State Courts Administrator**, the **Office of the Attorney General**, the **Missouri Highway Patrol**, the **Office of Prosecution Services**, the **Joint Committee on Administrative Rules** and the **Office of the Secretary of State** each assume the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

Oversight also notes according to the Department of Corrections, all offender phone calls are currently recorded. If this legislation passes, the department will have to work with the telephone provider to ensure the calls to the organizations are not provided.

Officials from the **St. Louis County Police Department**, the **Kansas City Police Department** and the **St. Joseph Police Department** each assume the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

Oversight only reflects the responses that we have received from state agencies and political subdivisions; however, other sheriff and police departments were requested to respond to this proposed legislation but did not. A general listing of political subdivisions included in our database is available upon request.

FISCAL IMPACT – Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

The proposed legislation appears to have no direct fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
