FISCAL ANALYSIS

ASSUMPTION

§196.276 – Food delivery

Officials from the **Department of Health and Senior Services**, the **Office of the State Courts Administrator**, the **Kansas City Health Department** and the **Newton County Health Department** each assume the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

In response to the previous version of this proposal, officials from the **Columbia/Boone County Department of Public Health and Human Services** assumed the proposal would have no fiscal impact on their organization.

Rule Promulgation

Officials from the **Office of the Secretary of State (SOS)** notes many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The Secretary of State's office is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to Secretary of State's office for Administrative Rules is less than \$5,000. The Secretary of State's office recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, they also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what their office can sustain within their core budget. Therefore, they reserve the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

Oversight only reflects the responses that we have received from state agencies and political subdivisions; however, other local public health departments were requested to respond to this proposed legislation but did not. A general listing of political subdivisions included in our database is available upon request.

FISCAL IMPACT – Small Business

This proposal will impact small business food delivery platforms because they will have to obtain a restaurant's permission to deliver its food and meet other requirements.

FISCAL DESCRIPTION

The proposed legislation appears to have no direct fiscal impact.

The provisions of this proposal have a delayed effective date of January 1, 2022.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
