FISCAL ANALYSIS

ASSUMPTION

§§211.447; 453.030 and 453.040 relating to the protection of children

In response to the previous version of this bill, officials from the **Attorney General's Office** assumed the proposal would have no fiscal impact on their organization. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for this agency.

House Amendment 1 - §§211.447; 453.030 and 453.040

Oversight assumes House Amendment 1 will result in no change to the fiscal impact on state or local governments.

House Amendment 2 - §§453.014 and 453.070 - Provisions related to adoption

This amendment allows DSS, CD rather than DHSS to promulgate the rules under §§453.014 and 453.070. In response to similar legislation from the current session (SB 327), **Oversight** notes the **Attorney General's Office** stated similar provisions in that proposal would not have a direct fiscal impact on their organization. Oversight does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for this agency.

Responses regarding the proposed legislation as a whole with House Amendments 1 and 2

Officials from **Office of the State Courts Administrator (OSCA)** state there may be some impact but there is no way to quantify that currently. Any significant changes will be reflected in future budget requests.

Oversight does not have any information to the contrary. Therefore, Oversight assumes OSCA will be able to perform any additional duties required by this proposal with current staff and resources and will reflect no fiscal impact to OSCA for fiscal note purposes. Oversight also assumes OSCA may seek additional appropriations if the proposal results in a significant increase in costs.

Officials from the **Office of Administration - Budget and Planning (B&P)** state the provisions in §453.030 of this proposal eliminate the requirement that adoptive parents or the relevant child placing agency bear the cost of attorney fees incurred during the adoption process by the birth parents. The bill does not make clear who or what entity will be responsible for compensating birth parents for the cost of attorney fees. This proposal will have no direct impact on Budget and Planning and will not impact the calculation pursuant to Art. X, Sec. 18(e).

B&P assumes that legal representation appointed by the court for birth parents during the adoption process will be provided pro bono. In the event that these services are not provided pro bono, B&P assumes that the cost of legal fees will be borne by some other entity which could include the State of Missouri.

Oversight does not have any information to the contrary. Oversight noted B&P assumed legal representation for adoption cases would likely be provided pro bono, therefore, for fiscal note purposes, Oversight assumed no fiscal impact for B&P these provisions.

Officials from the **Department of Commerce and Insurance**, the **Department of Corrections**, the **Department of Health and Senior Services**, the **Department of Social Services**, the **Missouri Office of Prosecution Services** and the **State Public Defender's Office** each assume the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

Rule Promulgation

Officials from the **Joint Committee on Administrative Rules** assume this proposal is not anticipated to cause a fiscal impact beyond its current appropriation.

Officials from the **Office of the Secretary of State** notes many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The Secretary of State's office is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to Secretary of State's office for Administrative Rules is less than \$5,000. The Secretary of State's office recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, they also recognize that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what their office can sustain with their core budget. Therefore, they reserve the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

Oversight notes that the above mentioned agencies have stated the proposal would not have a direct fiscal impact on their organization. Oversight does not have any information to the contrary. Therefore, Oversight will reflect a zero impact on the fiscal note for these sections.

<u>FISCAL IMPACT – State Government</u>	FY 2022 (5 Mo.)	FY 2023	FY 2024

<u>FISCAL IMPACT – Local Government</u>	FY 2022 (10 Mo.)	FY 2023	FY 2024

FISCAL IMPACT – Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

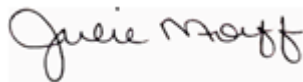

FISCAL DESCRIPTION

The proposed legislation appears to have no direct fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
