

HB 262 -- VETERAN DESIGNATION ON FRONT OF DRIVERS LICENSE

SPONSOR: Black (137)

Currently, a veteran may have a veteran designation placed on his or her driver's license if he or she provides specified information. Currently, it is up to the Department of Revenue to determine where the designation appears on the license.

This bill requires the Department to place the designation on the front of the driver's license.

This bill is similar to HB 1607 (2020).
