

HB 341 -- ABSENTEE BALLOT TRACKING

SPONSOR: Sander

This bill requires the Secretary of State to establish an online absentee ballot tracking system which is subject to appropriation. It will be available for use by persons eligible to vote absentee by mail and provide information including whether a ballot is received and whether it counted, or a reason that it was not counted. Conditions for the website are specified in the bill and the Secretary of State may require and make use of personal information necessary for verification and ballot tracking. The Secretary shall coordinate with local election authorities to track ballots in an efficient manner.
