

HCS HB 443 -- CEMETERIES (Kalberloh)

COMMITTEE OF ORIGIN: Standing Committee on Local Government

This bill authorizes county commissions to use a part of the principal of a cemetery trust fund for the support and maintenance of the cemetery when the net income of the trust fund is insufficient for those purposes.

The bill also adds the definition of "human and pet cemetery" to the provisions relating to cemeteries in the state, which allows for the creation of cemeteries in which both human remains and the remains of other creatures could be interred and memorialized at the discretion of the lot holder and according to the rules of the human and pet cemetery.
