

HB 600 -- ELECTIONS

SPONSOR: Eggleston

This bill requires certain election costs requiring additional expenses by election authorities under Section 115.065. RSMo., to be paid by political subdivisions and special districts in a proportional manner based on the ratio of a particular political subdivision's or special district's budget to the overall budget of such entities involved in a particular election. The budget information is submitted together with notice of elections to the election authority.

The bill also repeals a method for installing candidates in certain nonpartisan offices in political subdivisions and special districts without the need to hold an election under Section 115.125.
