

HB 1087 -- COVID-19

SPONSOR: Seitz

The bill prohibits a government entity from issuing a COVID-19 health order that imposes any mandates on individuals or businesses including social distancing requirements, occupancy restrictions, or face-covering requirements; requiring any business to close or limit its operation; or imposing any fine or penalty against an individual or business for the violation of any requirement or recommendation.

No individual or business shall be liable in any action alleging damages associated with the contraction of COVID-19.
