

HB 1181 -- KANSAS CITY WHISKEY

SPONSOR: Porter

This bill establishes what requirements a spirit must meet to qualify as a "Kansas City Whiskey". The product must be:

- (1) Produced and bottled in Missouri;
- (2) More than 40% alcohol by volume;
- (3) Blended with whiskey aged at least two years;
- (4) Blended with sherry from the Jerez de la Frontera region of Spain and not exceeding 2.5% by volume of proof in gallons; and
- (5) It is devoid of additional color, flavoring, or blending materials.
