

HB 1253 -- WORKERS COMPENSATION CLAIMS

SPONSOR: Clemens

The bill requires health insurers to notify injured employees in writing within 30 days of receiving a complete medical report for a possible work related injury if any additional information is needed to determine whether the injured employee is covered under Workers Compensation insurance. If all necessary medical information to make a determination has been received such insurer shall make a determination within 15 days.

This bill is the same as HB 1184 (2019).
