

HB 1442 -- HOMEBREWERS

SPONSOR: Sauls

This bill allows homebrewers to take their beer to licensed micro-breweries three times per year or any number of times if the micro-brewery is the primary meeting location of a homebrewing association. Homebrewers may also bring their beer to licensed micro-breweries for organized events without individual beer sold. The bill requires that homebrewing associations and hosts of organized events carry homebrewing liability insurance.

This bill is similar to HB 2604 (2020).
