April 5, 2021
The Honorable Dan Houx
Missouri House of Representatives
201 West Capitol Avenue
Room 413-B
Jefferson City MO 65101
RE: Recommended edit to HB 1280

Dear Representative Houx: I write on behalf of TechNet respectfully recommend one minor edit to HB 1280 (Houx). TechNet is the national, bipartisan network of technology CEOs and senior executives that promotes the growth of the innovation economy by advocating a targeted policy agenda at the federal and 50-state level. TechNet's diverse membership includes dynamic American businesses ranging from startups to the most iconic companies on the planet and represents more than three million employees and countless customers in the fields of information technology, e-commerce, the sharing and gig economies, advanced energy, cybersecurity, venture capital, and finance. We appreciate your willingness for us to provide feedback on your bill related to food delivery. Our organization and its members have worked with several other state legislatures on related bills. However, the way this bill is currently drafted we do have one suggested edit. First, we believe the definition of "food delivery platform" could unintentionally capture other online marketplaces that are used as an errand or event services. These marketplaces do not post restaurant information on their platform, however, there are potential tasks or errands that could involve the facilitation and delivery of food items from food places. Therefore, we would recommend adding the following sentence on line page 1, line 7: "Food delivery platform does not include websites, mobile applications or other electronic services that do not post food place menus, logos or pricing information on their platforms." We thank you in advance for your consideration. If you have any questions regarding TechNet's recommendation, please do not hesitate to contact me at 630-400-3439 or tdiers@technet.org. Thanks, Tyler Diers
Executive Director,
MidwestTechNet
