I am a Circuit Clerk in Cape Girardeau County. The current statutes that govern the administrative duties of the Circuit Clerk is out-of-date. Circuit Clerks in the 32nd Judicial Circuit and in circuits across the State have been performing the duties outlined in HB 807 for many years, primarily due to court consolidation which was designed to relieve the judges of those same duties - hiring and firing deputy clerks, assigning job tasks, approving time off, managing the clerks' budget, settling employee disputes, etc., so judges could concentrate on their cases instead of on mundane employee issues. Please approve HB 807.

I am the Circuit Clerk of Boone County. I have been the clerk since 2007 and I am very thankful that we have a very good working relationship here with all our judges. We understand each others roles and know we have to work together and if there is an issue or dispute that we discuss it and work out the issues. There have been multiple incidents over the years that I have heard other circuit clerks say "No, I can't do that, I am not their appointing authority" or "It is just on paper that I am the Circuit Clerk, I really don't have any authority". I do not understand this, for the majority of the state, we were voted by the public and put into this position? To be able to fulfill our job that we worked hard campaigning for, we have to be able to have the authority to run the office and be the keeper of the record. In my opinion these statutes are very old and need to be updated. Please consider our request so that we can fulfill our promise to the voters that we will do all that we can to create, update, monitor, and preserve the judicial records.

Please support this bill for the benefit of all of the Circuit Clerks in Missouri. The Circuit Clerks should be responsible for the management and assignments of the deputy clerks in their offices since they work with them on a daily basis, and are able to monitor and mentor them to be successful, independent clerks which, in turn, makes for a court that runs efficiently and effectively. Thank you!

I am the elected Circuit Clerk for Chariton County and feel the citizens of my county duly elected me to perform the duties of this job based on my reputation and ability. 478.240 RSMo has language in it that needs revised in order to clarify that the Presiding Judge only has administrative authority over the Associate Judges instead of "all judicial personnel". There is other areas in this statute that revised as well to define/clarify the the elected/appointed Circuit Clerk be considered the appointing authority over the Circuit Clerk's office and staff. Our organization feels this is the best course of action to specifically clear up the language and the intent of the statute.

As Circuit Clerk of Perry County, I am in favor of this Bill passing. My job as an elected official is to oversee and manage the circuit clerk's office. I cannot fully perform my job if my decisions can be overturned by a Judge or worse, I can be removed from my office by a Judge who doesn't agree with me. I understand and appreciate the working relationship with my Judges however, if I am in position to manage, than I must have the power to do so. I believe the citizens of my county elect me to perform this job and I should not have a Judge stand over me and the decisions I make for my office.

My name is Julie Bova, and this is my first term as Circuit Clerk. I am fortunate enough to have very understanding and helpful Judges in my Circuit, who will support and guide me. Unfortunately, not everyone has that kind of support. And as we understand with the jobs we do, and what we witness in courtrooms everyday--it is important to have a clear and precise description of the job duties and who they are assigned to in order to avoid any conflict. That is what we are asking of in this bill. I will need to be in Court on the 11th--otherwise I would be there in person. Thank you for your time and consideration.

As the elected Circuit Clerk for DeKalb County, I strongly support this bill. Political and personal bias have at times made it difficult, if not impossible, to do our job and have the court system and this office run in a smooth and efficient manner. It is time that this language be updated to reflect today's society and the needs of the Court. Adair and Lincoln Counties are good examples. Thank you for your consideration.

I would like to show my support for HB 807, as I believe it would allow for better knowledge of the issues at hand in the office, the budget, and cut out the worry of the possibility of undermining of decisions made by the Circuit Clerk, regarding staff, office procedures, office duties of court clerks and budget. With that, I believe it would allow for better control of the office by the person elected to the position of Circuit Clerk. I feel it would allow for better communication with the court clerks hired and the ability for the Circuit Clerk to conduct the business of the office with confidence. The Circuit Clerk was elected to the position by the voters of their county, and should have the control of the office that the public already thinks that position holds. Thank you for the opportunity to leave this statement as I will not be able to attend in person. With all due respect given, Mechelee Lebow, Stone County Circuit Clerk.

I am total support of this Bill - As an Appointing Authority and Circuit Clerk of 21 years I believe it is very relevant that the Circuit Clerk be the Appointing Authority of the Courts. We interact on a daily basis with the Deputy Clerks/Division Clerks and the Judges do not. We recognize the duties that the Deputy Clerks/Division Clerks are assigned to and have full understanding of the necessity of promptness in filings and equal delegations that need to be done so that they are not overwhelmed with their duties. The Circuit Clerks are aware of the strength or weaknesses of the Deputy Clerks and can delegate appropriately without hindering the processes. I strongly recommend that Circuit Clerks be the Appointing Authority in the Courts.

I have served as Circuit Clerk for Putnam County for 18 1/2 years. While I have always had a wonderful working relationship with all Judges in my circuit, there are some circuit clerks that do not. I believe it is of utmost importance for the Circuit Clerk to be able to have control of the office that he or she is elected by the people to keep organized, operate, and maintain.

I fully support this measure. All elected officials should be able to run their offices as they deem fit with limited interference from judges. Let the Judges judge and the Clerks clerk. If anyone would like to discuss it, I am available anytime at 573.864.0552.

This legislation is important to all Circuit Clerks across the State. All other county elected officials have statutes outlining their authority and official capacity. The authority and official capacity of the Circuit Clerk's office is muddled by lack of such statute. Please alleviate that by endorsing HB 807.

It is very important to Missouri Circuit Clerks and future Circuit Clerks to pass this bill. The results of the current language of this statute is an embarrassment on our judicial system.

I as being a Circuit Clerk am in support of having the ability to run the clerk's office as we are the clerks in constant contact with the deputy clerks as we over see all the work they do. The circuit clerks are responsible for the actions of the deputy.

My concern is that these are outdated statutes and have conflicting language, which cause many issues within the court system. We as court clerks just want them updated to reflect the current roles and responsibilities as elected/appointed officials in our respected counties. I want to work to resolving the disputing language in order to clearly identify our role and responsibility as the elected/appointed Circuit Clerk.

I support HB807. In light of events that have occurred in the recent past, ie: Adair County and Lincoln County wherein elected Circuit Clerks have been stripped of their appointing authority and unable to perform the duties of the office they hold by the Presiding Judges of their circuit, please consider the changes proposed in this bill.
