I fully support this Bill. If a Defendant is reasonable to Appear before the Court, then there shall be no additional requirements just to be harsh to cause hardship. One is presumed innocent, until proven guilty.

We support this bill as providing necessary clarification that a judge still retains full discretion in setting bail after considering all relevant factors listed in the rule and statute.

We are in favor of this bill, due to the fact that we face so many of our clients and we interact with so many other agencies and nonprofits here in Missouri that would have survivors of crime that would possibly come forward and be able to (1) break the cycle of abuse if they knew their predators would be held accountable by our judicial system and (2) if they were going to actually be protected by our State Legislative and Judicial system. This is a wonderful step forward if we can get all of our counties to support it.
