Thank you to Representative Chipman for introducing this important legislation. I am a native St. Louisan, born and raised in South County, educated at Truman State University, and a city resident for more than 20 years. I have traveled, lived and worked around the world and through those experiences come to appreciate our democracy and freedom more than ever before. St. Louis is a city that welcomes immigrants from around the world including those that have lived oppressed under communism along with 20% of the worlds population. To those individuals, communist ideology and symbols are a painful reminder of their suffering, and that of their friends and family. HCR28 is a way for all Missorians to recognize the suffering of those victims, to support them, and to stand together in an effort to educate future generations about the failed and deadly ideology of communism. I currently serve in a volunteer capacity to recognize, support, and tell the stories of those who have suffered and those who have died under communism. I speak for myself and the many others I know who are working and serving as volunteers who support victims and stand against communism and other forms of extremism.
